Re: Ziegler Chemical & Mineral Corporation
Submittal of Application for Mine Permit
Gilsonte Mine No.1C-93
Sec.33, T8S-R24E, Uintah Co., Utah

Dear Wayne:

Enjoyed talking with you on the phone this morning.
As per our conversation, I herewith enclosed a manually
executed Declaration of Exemption, OGCC Form 4, a State
of Utah Mining Plan, OGCC Form 2, and a copy of the Mining
Plan which was submitted to the Bureau of Land Management's
Vernal office and also has been submitted by them to the
Utah State Office.

If there is any data which needs to be added, modified or
corrected, I would appreciate hearing from you at your
very earliest. As I told you this morning, to keep the
mine operation going, we really do need to have your
approval as soon as it is possible. We would like to be
to get the surface installations completed before the
snow flies.

Thank you for your courtesy and your consideration of this
request. If you have any questions, you can reach me at (801)
789-3233.

Very truly yours,

Robert E. Covington
